Lineage of the Ninigrets: *Charlestown Vitals Book 1778-1849:105-107*

The first Ninigret who reigned over the Narragansett Indians was called Elder Ninigret.

Upon his death, which occurred soon after the close of King Philip's War in 1675, his daughter by his first wife was crowned but was shortly followed by his son by his second wife. The younger Ninigret, who died about 1722, leaving two sons, Charles Augustus, who succeeded his father and George.

At the death of Charles Augustus, his minor son, Charles was acknowledged as sachem by a portion of the tribe but the greater part adhered to his uncle George. This dispute was ended by the death of young Charles and George received the Royal Belt and other royal insignia in 1735.

George Ninigret left three children, Thomas, George and Esther. Thomas, known as King Tom was born in 1736 and succeeded his father George in 1746. He married Mary Whitfield of Newport in April 1761 and died in the latter part of 1769 or early in 1770. Thomas Ninigret's only son and also his brother George, having died previously. Thomas was succeeded by his daughter, Esther who was crowned in 1770. She in turn was succeeded by her son George, who, at the age of twenty two was killed by a falling tree. His death occurred during the war of the Revolution 1775-1782. After this time, the Narragansett Indians had no ruling sachem.

TRANSCRIPTION NOTES

Attempts were made to accurately transcribe the vital event as written by the Clerk. All vital events occurred in Charlestown, unless otherwise recorded. Care was taken with the names to reflect the spelling that was recorded by the Clerk and not necessarily the common spelling of today. Events that have taken place before the Town was incorporated in 1738 were technically in Westerly.

Births: Infants with no name given at birth are listed as Infant for a first name. Twins are listed as Twin 1 or Twin 2.

Deaths: COD shall mean cause of death. The cause of death will be typed as recorded by the Clerk wherever possible. On occasion, a definition in parenthesis is to aid the researcher as to the meaning of some of the archaic terms used. The definitions from these early illnesses and diseases were obtained from www.genealogyencyclopedia.com

Records were cross-referenced against *Vital Record of Rhode Island, 1636-1850, first series, births, marriages and deaths: a family register for the people*. Providence, R.I.: Narragansett Historical Publishing Co., 1891-1912, Arnold, James N. Entries not found in this record are shaded.

Although we have tried to be as accurate as possible, sometimes errors do occur when reading and transcribing old documents. Should you feel that there is an error, please send correct information to:
